

Green Pin®

Power Sling Shackle
Handeling Instructions

Handeling points on the shackle consist of 6 smaller shackles. These are intended for handeling of the shackle's own weight **ONLY**. (pin included)
They are **NEVER** to be used to lift the equipment attached to the Power Sling Shackle.

Depending on the size of the shackle, you will find 1 or 2 handeling points on the pin. Just as with the shackle they are only intended for handeling of the pin's own weight (shackle not included).
They are **NEVER** to be used to lift anything else attached to the pin.
